Configuring Server Data Sync interval Time:

- Go to **Settings**.
- Select **Server Sync**.
- Select any **Interval time**
- Click **Save**.

The screenshot shows the ZKTeco software interface. On the left is a sidebar menu with options: Settings, Vendor, Company Details, SQL Connection, About, Utility, Exchange Rate, Data Cleaning, Import Tables, Export Tables, Delivery Boys, Table Area, Server Sync, and Menu TimeTable. The 'Server Sync' option is selected. The main window has a title bar 'ZKTeco' and a date/time display 'Monday, July 2, 2018 3:54 PM'. Below the title bar is a tab labeled 'Server Sync'. The content area shows the 'Server Sync' configuration. It has two radio buttons: 'Daily on time' (selected) and 'Daily on intervals'. The 'Daily on time' option has a time dropdown set to '3:46:04 PM'. The 'Daily on intervals' option has a dropdown set to '1 Minute'. To the right of these are 'Sync Status :Active' and 'Activation Status :Activated'. Below these is a 'Save' button and 'Last Sync Date :02/07/2018 15:45:57'. At the bottom, there is a table with the following data:

Amount	Tax	Type	Value
2175.00	0.0000	Sale	Day No.1

At the bottom right of the interface is a 'Main Menu' button.
